

3.6m Electronic Vertec Vertical Jump Tester (Infrared, Digital Display)

Category: Testing

Product ID: IS5

[https://www.isaansport.com/testing/3.6m-electronic-vertec-vertical-jump-tester-\(infrared,-digital-display\).php](https://www.isaansport.com/testing/3.6m-electronic-vertec-vertical-jump-tester-(infrared,-digital-display).php)

Test vertical jumps, with measurement heights between 1.5m and 3.6m and increments of just 1cm, for granular measurement. This electronic Vertec device uses infrared beams instead of plastic vanes, which removes one possible error (hitting 1 plastic vane, but some others move too), and means that the Vertec requires no resetting between participants.

Specifications
