A measuring mat for the standing long jump, also called the standing broad jump. This one is green with yellow printing, 350 cm long, 90 cm wide, 3 mm thick and high density. Its top is low slip, so you can jump with dry feet or in sports shoes. A take off line with shoe outlines sits at one end, and the printed scale runs from 50 cm to 300 cm, numbered every 5 cm with 1 cm marks, so you read the distance straight off the mat instead of laying out a tape for every jump. No bag is included.
